

Standardized Testing ACT or SAT

WHICH TEST SHOULD I TAKE?

- 50% of students do equally as well
- 25% do better on the ACT
- 25% do better on the SAT

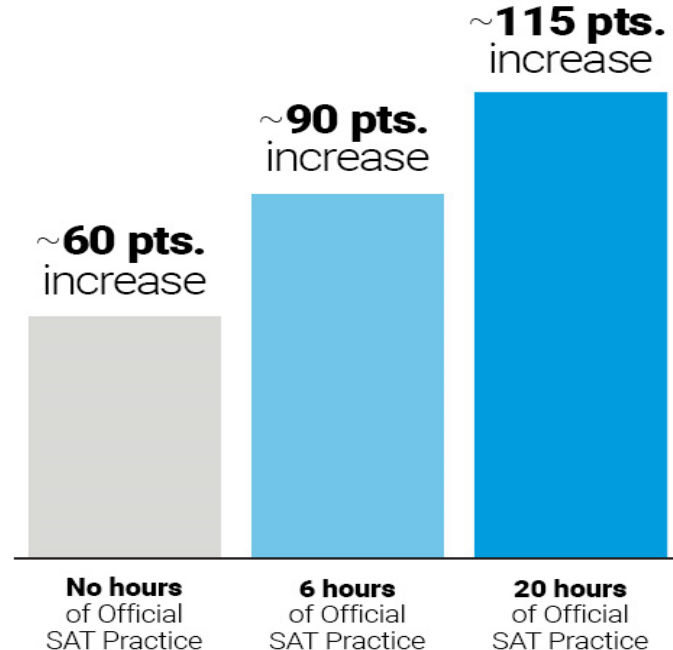

- Take a short practice test for each
- Choose the test you perform better on
- Choose the test you are more comfortable with

HOW SHOULD I PREPARE?

- Khan academy has free online study programs and they're excellent
- Frontier Tutoring has classes in Anchorage (\$900)
- Methodtestprep.com has an excellent online program (\$199)
- Magoosh has excellent online programs as well (\$89)
- Applerouth is the gold standard in my opinion – live online classes (\$599)

HOW MUCH SHOULD I STUDY?

Below is a chart about students using Khan Academy

Applerouth has found no improvement after 80 hours.
For most students 6-20 hours over a month is most helpful
For those willing to put in the time, 40-80 hours over 3 months is ideal
